OBJECTIVE & SUMMARY

Seeking a full-time position that starts after my graduation in April 2019 in Informatics with Project Management & Analytics concentration at Northeastern University. I am looking for an opportunity in any entry-level managerial role on an agile or non-agile technical project team. I have experience working with multicultural teams and I am highly proficient in mentoring, understanding, and analyzing tasks across all components of enterprise projects. Proficient with Tableau & handling Agile SCRUM environment.

EDUCATION

Masters in Informatics, Northeastern University, Boston, MA, USA **Sep 2017 - Apr 2019**

Concentration: Custom (Leading & Managing Technical Projects + Analytics)

GPA: 3.963

Post Graduate Diploma in Computer Applications, IGNOU, India **Jun 2011 - May 2012**

GPA 3.0

B.Sc. in Information Technology, University of Mumbai, India **Jun 2005 - May 2008**

GPA 3.4
